Dear Mr Wood -

On May 24th 1920 I sent you two rather
heavy copper coins of India + Java (?) for attribution
but never have received them. -

Postage etc was enclosed for their return. -

Might I inquire if you received them. -

My dear Mr. Imhoff:

I feel that I owe you an apology in regard to the copper Indian pieces which you sent here some time ago for Mr. Wood to attribute. The pieces arrived safely about two days after Mr. Wood left for Europe. As I was not myself able to identify them, I have been holding them in the hope that someone might come in who could give the necessary information. Mr. Wood is now returning and will be here early next week; since I have held the pieces so long, I will keep them a few days more and have his opinion upon them, after which I will return them to you.

I am sorry that I did not notify you of their safe arrival when they first came here, and trust you will pardon my oversight in the matter.

Very truly yours,

W/E

Dear Mr. Imhoff:

I have forgotten whether I ever asked you if you had any coins of Tegucigalpa. I am making a special study of those dated 1823; they are all 2-real pieces and come in a number of varieties - crude pieces with a head of Augustine of Mexico, with eagle on back, the Arms of Spain combined with this eagle; a cross with 2 R M P , combined with either the eagle or the Spanish Arms. And nearly all of them have the word 'Tegucigalpa' on them. They are often considered Necessity pieces, and you may have one or two in this series. If you have any, would it be possible for me to see them?

Very truly yours,

Curator

Dear Mr. Wood:-

On my return from a trip to Florida, I find
your letter of the 15th ult. relative to coins of Tegucigalpa,
and in reply will say that I do not possess a single specimen.
If I did, it would be a great pleasure to forward them to you.
